

Press release 7 May, 2010

## Semcon among best Porsche suppliers

**Semcon was as one of few suppliers in the engineering services sector, chosen to attend the annual Porsche Supplier Day in Leipzig. The suppliers were chosen on the basis of quality, performance, flexibility and customer service.**

– Only through close cooperation with our suppliers are we able to perform continuously at a peak level in development and production, says Michael Macht, President and CEO of Porsche AG in a press release.

– We are proud to be selected as one of few prime suppliers of engineering services, which gives evidence for Semcon’s ability to deliver high-quality services.” says Stefan Ohlsson, President Business Area Automotive R&D
