

From 29th to 31st October 2008, Semcon will be present at the International Suppliers Fair (IZB) in Wolfsburg, Germany. In hall 4, stand 125 we will be showcasing our multiple performance fields. Under the slogan "connecting car competence", the IZB has become an international platform for automotive competence where the entire spectrum of innovative and valuable networking opportunities is provided to suppliers to the automotive industry. This year about 600 exhibitors from 20 nations will be present at the IZB.
